Cover Letter

Dear Hiring Manager,

I'm writing to express my interest in a Full Stack Developer position. With over two years of hands-on experience in web development and a strong foundation in the MERN stack, I'm confident in my ability to contribute effectively to your development team.

My background includes building scalable applications using React.js, Node.js, Express, and MongoDB, along with customizing WordPress and Shopify websites. I focus on writing clean, maintainable code and delivering seamless, responsive UI/UX experiences.

Having recently relocated to New York City, I'm actively seeking full-time opportunities and am fully authorized to work in the U.S. I'm eager to join a team where I can continue learning and delivering impactful web solutions.
Thank you for considering my application. I look forward to the opportunity to speak with you.

Sincerely,

Fakhir Zeeshan

General Job Proposal Letter

To Whom It May Concern,

As a Full Stack MERN Developer, I specialize in crafting responsive, high-performance web applications. I bring practical experience from both freelance and agency work, and have built dynamic projects using React.js, Node.js, MongoDB, and Express.

In addition to full-stack projects, I've developed and customized WordPress and Shopify websites, emphasizing usability, performance, and design. I'm detail-oriented, quick to learn, and skilled at collaborating in remote or hybrid teams.

I'm based in NYC and currently open to opportunities in web development—whether full-time, hybrid, or remote. I would love to contribute to a team where I can grow and make a meaningful impact.

Best regards,

Fakhir Zeeshan
